SKILLS

- **Languages:** Java, JavaScript, PHP, C++
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, React
- **Tools/Platforms:** MySQL, MongoDB
- **Soft Skills:** Problem-Solving, Team Player, Quick Learner

TRAINING

Board Infinity | JavaScript for Web Development

June 2024 - July 2024

- Completed summer training in JavaScript for web development, gained hands-on experience in creating interactive and dynamic websites. This training helped me to understand core JavaScript concepts, improving my web development skills.
- Worked on building a comprehensive Quote Generator application.
- Gained experience in building a comprehensive ID Card Generator application.
- Enhanced JavaScript proficiency through hands-on experience.

PROJECTS

Quiz Application

November 2024

- Designed an interactive user interface for a quiz application.
- Implemented the front end using HTML, CSS, JavaScript, and Bootstrap, while utilizing PHP for the back end and MySQL for database management.
- Successfully created a functional quiz application with dynamic questions and user score tracking.

E-Commerce Website

November 2024

- Built a responsive and user-friendly e-commerce website.
- Utilized React.js, Bootstrap, and CSS to create an appealing front-end design.
- Integrated essential features to enhance user experience and functionality.

Chat Application

May 2024

- Created a learning project replicating key chat application features such as user authentication and real-time messaging.
- Engineered the platform using the MERN stack (Express.js, React.js, Node.js) along with Bootstrap, HTML, CSS, and JavaScript.
- Established secure authentication and real-time conversation capabilities for seamless communication.
